MASS HAF OVERVIEW AND TIMELINE
The Homeowner Assistance Fund (HAF) was created by the American Rescue Plan Act (ARPA) and is administered by the US Treasury. States, DC, tribes and US territories get a portion of the funds, which can be given to home-owning residents for housing related costs.

$178 million from US Treasury ARPA program has been allocated to MA.

Each HAF allocation recipient can set their own additional policies and constraints on the funds, but in general approved uses are payments to bring a mortgage current including overdue mortgage payments and incurred fees, and additional costs involved in maintaining a home like utilities or property taxes. The Treasury has specific guidance to ensure that the funds are prioritized for socially-disadvantaged homeowners.
The Massachusetts Homeowner Assistance Fund (Mass HAF) program is a **federally funded housing assistance program** for Massachusetts homeowners impacted by COVID-19 to receive aid for housing-related costs such as mortgage and property charges. **The goal of HAF is to prevent foreclosures and displacements of eligible homeowners.**

HAF was created by the American Rescue Plan Act (ARPA) and is administered by the US Treasury.

Mass HAF Program funds may be **used to bring accounts fully current**, with no remaining delinquent amounts, and to repay amounts advanced by the lender or servicer on the borrower’s behalf for property charges.

DEMO
Scenario:

My name is Alex Sullivan. I live in my three-bedroom home in Springfield, MA my wife and I have owned since 2015.

I am applying for emergency housing assistance because of a financial hardship due to COVID-19--during the pandemic, my wife reduced her hours to take on childcare while schools were closed, I lost my job and was receiving unemployment. We haven’t been able to afford our mortgage payments on her salary alone and have fallen behind.
